

OVERVIEW – 2011

In 2008, the Society of Pacific Region Fishery Officers (SPRFO) instituted a Scholarship Awards Program. The first scholarship was awarded in 2010 for \$1000. This year we are happy to announce we will be issuing another scholarship for \$1000. Please read through the application process to see if you are eligible and how to apply.

Regular and Associate Members and their children or dependants are eligible to apply for the Award. However, the members must be in good standing as of June 30, 2011 of the year of application. Preference will be given where the member has been current for at least two continuous years.

Applicants seeking funding for formal learning which contributes directly to the goals of natural resources and environmental conservation enforcement or compliance will be given higher priority. Conflict analysis and management, restorative justice, natural resources management, and environmental management are also priorities of the Society.
